PRESENTED BY THE
Christian Associations
of
Maryville College

Maryville, Tennessee
1909-1910

PRESIDENT'S MESSAGE.

This handbook is a welcome of the Christian Association to new students. The organizations that have provided the handbook will also extend their personal welcome as the recruits for 1909 10 arrive at Maryville. Meanwhile let me assure the prospective students that the members of the Faculty believe in the Christian Associations with all their heart, and rejoice in the unselfish work, the healthful influence, and the increasing prosperity of the Maryville College Young Men's Christian Association and Young Woman's Christian Associations. They earnestly urge the students that enter the College this year to connect themselves with the respective Associations and to render it loyal and persevering service. The Association needs them and they need the Association.

HOW TO MATRICULATE.

ALL STUDENTS are requested to read carefully the following instructions regarding registration and matriculation:

Registration will begin on Tuesday morning, September 7, 1909. Every student, old and new, will fill out one of the registration cards to be found on the tables in the Treasurer's office. Kindly answer every question. Do not take it for granted that because you filled out a similar card last year that that will do. Full, up-to-date information is needed for the current files, and will greatly oblige the College if given.

(In the Winter Term a white card will be filled out by students already in attendance on the College, the buff card being used only by those who were not present during the Fall Term.)

Payment of Bills—After filling out the registration blank, pay your tuition, science fees, and room-rent bills to the Treasurer, and take his receipt. Retain the registration card for matriculation.

The Boarding Club deposit will be made to the Manager of the Club.

Book rent is to be paid at the Loan Library.

Examinations—Let all students who have failed to take examinations present themselves to the professors under whom their studies were pursued and take examinations before matriculating. No student will be admitted to his class until all delinquent examinations have been taken. A fee of fifty cents will be due for each such examination.

Entrance examinations for new students are not charged for. Candidates for admission to the Freshman class who have taken their preparatory course elsewhere, will be examined in the studies pursued by the Senior Class of the Preparatory Department of this College, or in their equivalents unless they bring certificates that will be satisfactory to the Faculty; but a student thus receiving credit for a study pursued elsewhere

will be conditioned until his subsequent work in the college course proves his efficiency in the study thus accredited.

Candidates for admission to the Sophomore, Junior, and Senior Classes are examined in the studies that have been pursued by the class which they wish to enter, or others equivalent. Those bringing certificates of dismissal from another college may, upon proof of their qualifications satisfactory to the Faculty, be admitted to a corresponding standing in this college. Students from other institutions can not be admitted into this college unless honorably dismissed by their former instructors.

An application blank for admission to the College or Preparatory Department may be had by addressing the Registrar.

Matriculation—All students will be matriculated in the Registrar's Office. Before matriculating consult the Courses of Study and the Schedule of Classes that are posted in the halls. After having, as far as possible, selected your studies, present your registration card and Treasurer's receipt, together with whatever diplomas or certificates you may have from other schools, to the Registrar. Your receipt will be given back to you, but the card will be retained for the office file. Your studies will now be assigned, and your name regularly enrolled as a student of the institution in the class of which you are to be a member.

Books—After matriculation, text-books may be rented and stationery purchased at the Loan Library.

Bulletins—Keep eyes and ears open for all notices that may be posted on the bulletin boards or read from the chapel rostrum.

Classes—All classes will meet for assignment of lessons on Wednesday, September 8, and all classes will recite on Thursday, September 9. First chapel exercise, Tuesday, September 7 at 8:20 a. m. Be on time.

HISTORICAL SKETCH.

Maryville College was among the first in the United States to have a College Y. M. C. A. Three students first talked of the plan and then with seventeen others they met in the college chapel on March 2, 1877, and organized themselves into an association.

For twenty years after those twenty men formed the organization there was no Y. M. C. A. building, but by the faithful and strenuous efforts of loyal students a building was completed in 1897, where the Association is now so well located.

THE OBJECT

of the Association is to unite the Christian students of the College in order to strengthen their own Christian lives and to extend the cause of Christ among their fellow students.

MEMBERSHIP.

The Association is composed of active and associate members. The active membership consists of men of the College, either students or members of the Faculty, who are members in good standing of an evangelical church. Only active members have the right to vote in any meeting or to hold office. Any man in College of good moral character may become an associate member.

The annual fee for membership is one dollar and a half or one dollar for fall term or for winter and spring terms combined. This entitles the member to all the accommodations offered in the Association building.

INVITATION.

All students who are in sympathy with the aims and methods of the Association are very cordially invited to unite with it and to join in its work immediately upon entering college. It will help you and help the Association, too.

BARTLETT HALL.

Few, if any, College Associations in the South are better situated than our Y. M. C. A. is in this building. It is an ornament to the campus and of the greatest value to the men. It contains, on the ground floor, an excellent auditorium, a reading room with the best magazines and newspapers on its tables, and a library of three hundred volumes of valuable books for reading and for reference, a game room, office for the secretary, and good gymnasium. In the basement are athletic dressing rooms, with lockers, shower and needle baths, and bowling alleys.

On the second floor there are rooms for as many as twelve students. The renting of these is in charge of the secretary. The building has electric lights and steam heat. It is for the members. This should become your second home while you are at college.

MEETINGS.

The devotional meetings of the Association to which all members of the College are cordially invited are held each Sunday afternoon in Bartlett Hall Auditorium at 1:15 o'clock, lasting from forty-five minutes to one hour. These meetings are usually led by students. They are men's meetings and are very helpful to college men whether they be Christian men or not. Frequently college professors, pastors, and business men give addresses which are always enjoyed and are helpful.

BIBLE STUDY.

The Bible study of the Association will be conducted on the "Gray System" this year. The object of our course is to get men to do daily devotional Bible study and meet together on Sundays with a student leader and discuss the work in the most helpful way. No student who seeks a liberal education or desires to fit himself for a life of service in the Master's cause can afford to miss taking some of our Bible study work.

The following courses will be offered and others may be announced later: "Social Significance of the Teachings of Jesus," "Men of the Old Testament," "Life of St. Paul."

MISSIONS.

No man can consider himself well read who does not know something of the actual conditions in foreign countries. No Christian can know the extent of the field of labor for the Master who is not acquainted with more of it than he comes in contact with in his daily living. No better means of instruction or of broadening a man's vision can be found than the study of missions. It gives the actual facts of the most important phases of life in the countries studied. Mission study classes will be organized early in the term and conducted on almost the same plan as the Bible study.

Courses will be offered on China, India, and others to be announced later.

SOUTHERN STUDENTS' CONFERENCE.

The Christian Association of the Southern colleges hold a ten days' conference at Black Mountain, N. C., each summer in June. A large tract of mountain land has been purchased there, and a more ideal location for an outing could not be found. An atheletic field is being completed and the grounds improved in every way.

The moral and spiritual uplift and Christian training of this conference cannot be known by one who has not attended some such meeting. It has changed many men's lives and has greatly helped many men in deciding their life work. Maryville usually sends about six delegates to this conference.

THE MARYVILLE SUMMER CONFERENCE.

The home association conducts a conference each summer during the week preceding the opening of college. It is held at Sheep-Pen Cave on the bluffs of the Tennessee River, about nine miles from Maryville. About twenty men usually attend this conference, camping on the high bluffs of the beautiful river. It is a week of genuine out-of-door sport, rowing, swimming and fishing; a week of Christian fellowship with the leaders in college; a week of most valuable preparation for the year's work. Professors, pastors, and traveling and local secretaries visit the camp and make helpful addresses and enjoy camp life with the fellows.

Y. W. C. A.

Our Motto: Not by might, nor by power, but by my spirit, saith the Lord of Hosts.

The Association is for you.

Our Calendar.

On your arrival—A hearty greeting.
Your first night—A visit to your room.
Opening of school—A reception for the new girls.

Sunday morning 9:15—Bible classes.
Sunday afternoon, 1:30—Our devotional meeting.

Whenever you wish—Our assistance.
After twenty years of existence Y. W. C. A. was never more alive than now.

Our Association.

Why is it important?
Because its aim is the perfect development of womanhood, and for this purpose it seeks to put Christ first in individual and college life and to make the Association's relations the strongest of all college ties.

Its Membership.

Any Christian who is a member of an evangelical church is welcomed to active membership. All others are cordially invited to meet with us and join as associate members. We want to help you; we need you to help us.

Its Home.

Our Association home, furnished by the efforts of the girls, is located in Voorhees Chapel. There we meet every Sabbath afternoon, and one of our members leading our thoughts, center our minds on higher things and commune with Him who can give us that peace which passeth understanding. It is a home of girls striving to serve the Heavenly Father with a more wholehearted service.

Its Bible Study Course.

We have been having three Bible classes. One in the Life of Christ; one in the Life of St. Paul; and one in The Message of the Prophets. These same classes will be offered this year with one additional: The Miracles and Parables of Jesus. The object of these courses is to stimulate voluntary daily devotional Bible Study. Every girl should enlist in one of these classes.

The Mission Study Class.

This last fall we had two classes in Mission Study: "Aliens or Americans" and "The Unfinished Task." In the spring, instead of having a regular class each girl pledged herself to read as many of the mission books, either biography, history or fiction, as her time would permit.

We have planned to have four classes this year. One on China led by one of our girls who was born in China and whose father is still a missionary there; so she will be able to give the latest reports from the mission fields besides telling the things she has seen herself. One will be on Islam led by one of the girls who studied this course at the Asheville conference and who heard the author of the book give several addresses on the subject. There will be another on Foreign Missions and one on Home Missions.

We would like as many girls as can to join these classes. There is no subject more interesting nor one that needs our study more than missions. If we know the needs we can not help being willing to do our part in the work. Help is needed.

Its Library.

We regard the Sabbath as a day to be kept holy by quiet meditation and reading. For this purpose the Y. W. C. A. has procured for the girls a library placed in the reading room at Baldwin Hall. Carefully selected books and papers for Sabbath, magazines and secular papers and quite a number of books for week day reading.

Its Fees.

Just 50 cents a year.

What you get from it, if you go into it with a will, can not be bought with gold and silver.

Its Systematic Giving.

Our Association is a missionary association. Tennessee and Kentucky have a missionary in Ceylon, and the associations of the two states help to support her. Each girl is given an opportunity to pledge a certain amount to be paid the first Sunday in each month to be used for the support of our foreign missionary. This is entirely voluntary. Some girls give one cent a month, some two, some five, some ten, just as God has prospered them.

The Southern Students' Conference.

The Summer Conference of the Y. W. C. A. is held at Asheville, N. C., every year in the early part of June. It consists of representatives from all the women's colleges and co-educational institutions in the South, together with the leaders of the association work in different parts of the United States.

The purpose of the conference is to deepen the spiritual life of the girls in our Southern colleges and to lead them out into definite Christian service.

Our association was represented by four delegates this summer: Ernestine Knapp, Adelaide Muecke, and Gladden Ewers.

Give us your help in this great work of the Young Women's Christian Association. We want you.

Officers of Y. W. C. A.:

President—Gladden Ewers.

Volunteer Band.

The Mission Band of Maryville College is composed of those whose purpose is, God willing, to spend their lives and services in foreign lands, those who have signed the Volunteer Declaration Card, and whose watchword is the "Evangelization of the world in this generation."

The Band meetings, held every Wednesday, at 3:15 p. m., in the band room first floor, Voorhees Chapel have been rendered especially interesting, instructive, and inspiring by the presence and the words of information and counsel from the missionaries at home on furlough.

All who are interested are welcomed to the meetings and all who are planning to be missionaries are asked to unite with the Band. The leader James Jewell.

MINISTERIAL ASSOCIATION.

Officers.

PresidentH. B. Phillips
Vice-PresidentG. M. Payne
SecretaryA. F. Campbell

This is an organization composed of candidates for the Christian ministry of all denominations. Its purpose is to gain strength by uniting the efforts of the men. Many inspiring addresses are heard by the Association each year, and no man who intends to become a minister can afford not to join it.

TUESDAY EVENING PRAYER MEETING.

This is an old institution of the College and since it was founded has had a large attendance of students and townspeople. Many students who are not Christians attend these meetings and as many as will receive rich blessings from them. On Tuesday evenings, from 6:30 to 7:30 o'clock, the meetings are conducted in the Voorhees Chapel by some member of the Faculty. Don't miss them.

CITY CHURCHES.

New Providence Presbyterian, corner College and Main Streets, Rev. J. P. Calhoun, D. D.

Methodist Episcopal, E. Main Street, Rev. A. S. Beaman.

Methodist Episcopal South, E. Main Street, Rev. G. W. Summers.

Baptist, High Street, Rev. W. B. Rutledge.

Friends, W. Main Street, Rev. Joseph Hoskins.

Confer as soon as possible with the pastor of the church of your choice. He is desirous of meeting you. You can not be a consistent Christian unless you are at home among God's people.

LITERARY SOCIETIES.

MEN'S.

Athenian.

This is the oldest society on the Hill. Since it was organized its literary standard has been high and it has accomplished much in the practical training of its members.

Society Hall, third floor Anderson Hall.

Society meets each Friday evening at 6:30 o'clock.

Alpha Sigma.

This society was the second one to be organized for men at Maryville, and although the number of charter members was small its roll has increased to more than one hundred active members during the last year. Its members have enjoyed the benefit of excellent training in speaking and various literary attainments.

Society Hall, third floor Anderson Hall.

Senior Section meets 6:30 o'clock each Friday evening.

Junior Section meets 6:30 o'clock each Saturday evening.

Each young man in college should join one of these societies, for they furnish a very important part of any college man's training. There are no fraternities in the College, and these societies furnish the warm fellowship of the Hill, as well as the literary training.

LADIES'

Bainonian.

The Bainonian Literary Society is true to its name; it's always up and "going." It was organized in 1875.

Our Friday afternoon meetings are well attended, owing to their interesting programs and genuine old Bainonian spirit.

Every girl who reads this is invited to listen to our opening program in Bainonian Hall in September. It will be worth attending. Come and see for yourself.

Theta Epsilon.

This is the youngest literary society in college, although its numbers now compare favorably with the other society for girls, and its literary standard is of the highest type.

A hearty welcome is extended to all new girls to attend the first meeting in September.

These societies meet each Friday afternoon at 3:15 o'clock for their regular meetings and from time to time give public programs.

The literary society constitutes an important part of each girl's college life and scarcely anyone fails to connect herself with one of the societies.

Adelphic Union.

The four literary societies of the college compose this organization. The Adelphic Union banquet and entertainment are two of the most important and enjoyable social events of Commencement week.

TRAMPS FROM MARYVILLE.

To Look Rock, a prominent point on Chilhowee Mountain, overlooks Maryville, Knoxville and much of the East Tennessee Valley from the Smoky Range to the Cumberland Range. Eleven miles south of Maryville, two miles from Montvale Springs.

To Thunderhead Mountain, one of the highest points in the Smoky Mountain Range. About forty miles southeast of Maryville. Railroad to within five miles.

To Gregory's Bald, about same height as Thunderhead Mountain and ten miles west of it on the main ridge of the Smokies. These two points are of special interest, as they are the "real wild mountains" with plenty of game for sportsmen.

To Abram's Falls. A fall of sixty feet in a large mountain creek in the west end of Cade's Cove, between Chilhowee Mountain and Smoky Mountain, twenty-five miles south of Maryville. Plenty of fine mountain scenery and game.

To Sheep-Pen Cave. A large cave in the high marble bluffs on the Tennessee River, nine miles west of Maryville, two miles from Louisville. Excellent swimming and boating.

DRIVES FROM MARYVILLE.

To Montvale Springs, a beautiful summer resort at the foot of Chilhowee Mountain, nine miles south of Maryville. Beautiful mountain scenery and fine mineral and sulphur water.

To Walland, a small town in Little River Gap of Chilhowee Mountain. Fine river and mountain scenery; ten miles southeast of Maryville.

To Wildwood, summer resort with excellent mineral and sulphur water; good hotel; seven miles east of Maryville.

To Knoxville, largest city in East Tennessee. Sixteen miles north of Maryville; good pike road.

To Louisville, small town on L. & N. Railway and Tennessee river. Good boating; seven miles west of Maryville; pike road.

We recommend to the patronage of Maryville students the firms whose advertisements appear in this book. Care has been taken to admit no advertisements except of firms in every way reliable and trustworthy, and students dealing with the houses advertised are sure to find their treatment both courteous and satisfactory.

Maryville College

1819-1909

Rev. Samuel Tyndale Wilson, D. D., President

I. ITS PURPOSE.

To give its students a thorough, modern Christian education.

II. ITS PAST.

Founded in 1819, by Rev. Isaac Anderson, D. D., and the Synod of Tennessee, it has contributed ninety years' worthy service to the carrying out of the purpose of its founder. Thousands of its former students are scattered over the world.

III. ITS PRESENT.

Every passing year shows increasing prosperity and brings a brighter outlook. Within six years the institution has nearly doubled the number of its students; the College department making a gain of 133 per cent. Maryville College is an East Tennessee institution, enrolling more than five hundred Tennesseans every year. It is a national institution, enrolling annually more than a hundred students from twenty-eight States and countries other than Tennessee.

IV. ITS PLANT.

It has property of all kinds, amounting to 650,000; eleven buildings, including the new Ralph Max Lamar Memorial Hospital, waterworks, sewerage, steam heat, electric lights, and bathrooms. Two new dormitories will be built this year.

V. ITS COLLEGE CURRICULUM.

It offers, as courses of study, ten groups of studies: Classical, Greek, Latin, English, Modern Languages, Chemistry, Biology, Mathematics, Economics and

Political Science, and English Literature. All of these courses lead to the degree of B. A.

VI. ITS OTHER DEPARTMENTS.

1. Preparatory—Four years' course, offering fifteen units.
2. Bible Training—Thorough instruction in the English Bible and mission methods.
3. Teachers'—Six years' course. Certificate granted.
4. Bookkeeping—Business college system.
5. Music—Vocal and instrumental courses leading to graduation.
6. Expression—Course leading to graduation.
7. Art—Drawing free. Painting in oil and water colors.

VII. ITS HEALTHFULNESS.

Maryville is located in a country that has long been a health resort. Mountain ozone, pure water, altitude 900 feet; campus of 235 acres. Gymnasium. Indoor and outdoor sports. Manual labor.

VIII. ITS MORAL ATMOSPHERE.

Tennessee has no saloons. Maryville is a quiet, law-abiding town, filled with church-going people. The College is strongly Christian, and the discipline is careful. The Y. M. C. A. and Y. W. C. A. are very efficient. The Bible is a text-book for every student.

IX. ITS INEXPENSIVENESS.

1. Tuition is \$6.00 a term. No incidentals except in the Science laboratories.
2. Room-rent for each student, with two in a room, \$15 to \$20 a year.
3. Board in Co-operative Boarding Club of 400 members, \$1.60 a week.
4. Text-books rented. General Library free.
